

QUOTA OVERVIEW

- Your Quota is 36 points
- You earn points based on your NET scores on each hole:
 - Eagle – 8 points
 - Birdie – 4 points
 - Par – 2 points
 - Bogey – 1 point
 - Double bogey – 0 points
 - Triple bogey -- -1 point
 - Other -- -2 points
- The goal is to reach the Quota of 36 net points. The player who exceeds 36 by the greatest amount (or comes closest to 36) wins.
- Example 1 – golfer A who has 1 birdie, 13 pars, 3 bogeys, 1 double bogey and 1 triple bogey would earn 32 points ($4 + 26 + 3 + 0 - 1$). His final score would be -3 since he had 3 less than 36.
- Example 2 – golfer B who has 4 birdies, 12 pars, 1 bogeys and 1 double bogey would earn 41 points ($16 + 24 + 1 + 0$). His final score would be +5 since he had 5 more than 36.
- In the immortal words of George Sellers, just put your score down on the card and...
THE COMPUTER WILL FIGURE IT OUT!
